Amount sought

We would be grateful to be considered as a recipient for your event.

What is the purpose of your charity?

We provide environmental education opportunities to the young and young at heart. We specialize in at risk and special needs children. We serve nearly 8,000 school kids each year.

If selected, how will the organization utilize these funds?

Expansion of our existing programs to include on location field trips to underserved areas and homeschool children.

Will the organization provide volunteers to help with the setup and/or operation of the event?

Charities Contact Form : Entry # 133

Yes

How many volunteers will be available?

We could have at least 5 volunteers on Friday for the heavy lifting. On Saturday, we can come late afternoon (we have an educational event during the day). We are available to help during the event as well.

Why should we support your charity?

We are the oldest nature center in the Rio Grande Valley. For almost 40 years, we have been providing environmental education to children and adults alike. The VNC has joined the elite ranks of organizations that have twice been awarded the Texas Governor's Award for Environmental Excellence! The first was presented in 2017 in the Civic/Community category. In 2023, we have been chosen for the Education category award! We will work hard to make you proud of your support and we will continue to support the most underserved in the Rio Grande Valley.
