Why should we support your charity?

Our goal is to help the voiceless and abandoned in the RGV. On any given day, up to 1 million intact animals roam the streets of our Valley and are often in very bad shape - injured and starving, A group of concerned citizens noticed a need 18 months ago and joined together to create a 501 c 3 for the forgotten and left behind cats and dogs in our community. These volunteers work tirelessly to provide education and solutions to each and every challenge that comes our way. Our organization has established a foster food pantry, educates the community and rallies with local municipal and county leadership to work towards a solution for affordable spay and neuter services as well as provides, flea and tick medication, vaccines and surgeries as needed. There is a constant and consistent need to protect these animals and get them into loving foster homes and eventually adopted. These funds would sustain our program to ensure that the immediate health needs of these animals are met and that these animals can thrive in a loving environment. All proceeds go directly to the welfare of these animals and their immediate needs.
